

SEBASTIAN T. MICHAEL
Director, UNO Capital

On National Day, we, at UNO Capital, would like to wish the Rulers, citizens and residents of this wonderful nation more success and triumph.

Today, we take this opportunity to express our admiration and thankfulness and join all citizens and residents to celebrate this Glorious day.

In commemoration of 51st National Day, we will be offering 25 per cent discount on professional fees for all our services.

In our relentless pursuit of excellence and in the spirit of achieving business growth, 2023 will see UNO Capital entering newer markets in South East Asia and East Africa.

PRANAV SINHA
Head - Middle East, VFS Global

Travel has seen a strong recovery in 2022 with borders reopening and the pent-up demand for travel fueling one of the longest peak seasons the industry has witnessed. We expect this trend to continue well into 2023 and are optimistic of the travel industry making a strong recovery in this post-covid travel era.

As an organisation, VFS Global will continue to put customer experience and satisfaction at the front and centre of all our operations, with a sustained focus on digitisation for an improved application journey.

DR THUMBAY MOIDEEN
Founder & President, Thumbay Group

At Thumbay Group, we are celebrating the UAE's 51st National Day with great honour and pride. As a businessman who has spent a quarter century of his life with the family in this beautiful country, we remain consistently aligned to the vision of the UAE Founding Father, Shaikh Zayed Bin Sultan Al Nahyan and continue serving this country that stands tall on the global stage in all key areas of economic development — infrastructure, health and safety, investments, education, leisure and tourism. The last 50 years have seen the UAE transforming from a desert to an innovation and technology hub. Thumbay Group has completed 25 years and grown from Gulf Medical University in Ajman to a leading business conglomerate, with successful core business ventures in education, healthcare delivery and wellness. We are inspired by the country's leadership, vision and mission, that have continuously raised the bar for development across every sector and are honoured to have developed alongside the country.

On the occasion of the 51st National Day, we renew our commitment and promise to continue delivering world-class, integrated services for the community of the UAE.

CLINT KHAN
Director, Y-Axis

As a nation of diverse thoughts and cultures, the UAE's growth story mirrors the ambition of its people.

Y-Axis, the leading overseas immigration consultant in the UAE, provides unbiased and streamlined immigration services for every client based on their interests and requirements. It provides the right guidance and counselling support, which improves the chances of your visa success.

The UAE is a prime launch pad for companies seeking global markets. Due to its geographical location, it is an ideal hub to operate from. The UAE is the world's best country to live in when it comes to expat experience, family life and affordability. We look forward to launching our Destination UAE programme in 2023. This is a work, study, and invest in the UAE programme that targets aspiring entrepreneurs, students, professionals, and investors looking to explore new opportunities in the UAE.

TARANNUM MALIK
Managing Director, Al Aliyo Hydrofarms

The UAE has proven to be a visionary nation time and again. We have pursued innovation while firmly holding on to our traditions and values. We have achieved this because the Rulers of the UAE put people at the core of every initiative.

Al Aliyo Hydrofarms' vision is in sync with the UAE National Agenda to strengthen the food supply chains across all strata of society as a top priority. We aim to contribute to the UAE government's food security efforts by providing green fodder of the highest quality directly to farmers.

In addition to hydroponic fodder, we have consciously added the green vegetables ver-

tical to make a wholesome food basket with healthy leaves and spice roots — an essential requirement for a healthy lifestyle. Our introductory food basket includes garlic greens,

spring onions, fenugreek, and mustard leaves. Our premium farm-fresh greens packed with anti-oxidants are rich in vitamins and minerals, which will improve digestion and provide holistic nutrition.
